

GLEBE PACKING PLANT *At a glance*

Sugar Australia's Glebe Packing Plant in Sydney Harbour plays a key role in the sugar supply chain. Bulk refined sugar from our Racecourse Refinery in Mackay is shipped to Sydney and unloaded via wharf facilities at the Glebe Island Terminal.

We package the refined sugar into graded sugar and manufacturers' sugar, as well as CSR branded white and caster sugar.

The packaged sugar is then distributed to customers in Australia and abroad.

Each year, at our Glebe operations, we:

Produce

26,535,240 LITRES
of liquid sugar*

Invest

\$1.1 MILLION
in capital and maintenance*

Pack

37,224 TONNES
of sugar for retail, food services,
and industrial*

Deliver

164,393 TONNES
of sugar products to
domestic customers*

**Figures are an annual average 2019-2021*

Sugar Australia is a joint venture between Wilmar Sugar Australia (75%) and Mackay Sugar Limited (25%).
